

European Federation of Tank Cleaning Organisations

www.eftco.org

dear EFTCO Member, accredited assessors and Partner

EFTCO announces an update and improvement of the questionnaire for the EFTCO Food Assessment and added the latest developments in the field of food safety to improve the EFTCO Food Assessment Questionnaire, which was last updated in 2018.

The 2023 questionnaire was compiled with the support of EFTCO's partners from the food industry, specialized in the field of food safety and supplier auditing.

The 2023 questionnaire is now available and can be used.

The use of both the 2018 and the 2023 questionnaire is currently permitted.

The exclusive use of the 2023 questionnaire will be mandatory from July 2023 for all users of the EFTCO Food Assessment.

Please see the attached memorandum for full details.

Future assessments already planned with the 2018 questionnaire can be changed to the 2023 questionnaire upon request.

Please inform your member cleaning stations and industry partner in your area of responsibility accordingly.

If you have any comments and/or updates, kindly contact us.

As from today, we start to improve this questionnaire for the 2024 or 2025 version and are looking forward for your valuable input.
